

UMSGET – UMCSAWM – MSF/SAF
The 2nd International Conference on Energy and Water for Sustainable Environment
- ICEWSE 2026 -
Colombo, Sri Lanka | 05th and 06th October 2026

Submission Guidelines

Abstracts must be submitted through the Google Form accessible via the link provided below.

Abstract Submission Link: <https://forms.gle/W7A98ds4TaaQgsKD8>

All submissions will be reviewed by the ICEWSE 2026 Scientific Committee. Authors of accepted abstracts must present their work at the conference as either an oral or poster presentation.

Selected authors will be invited to submit full papers for consideration in a **Springer Nature conference proceedings volume**.

Review articles and literature surveys will not be accepted. Each full paper will undergo Springer Nature's quality checks, and only papers that meet the required standards will be published.

Abstracts, extended abstracts, and short papers of fewer than four pages will not be considered for publication in the Springer proceedings.

Detailed full-paper submission procedures will be announced on the conference website and communicated to eligible authors via email after the conference.

Springer Nature does not charge publication fees for non-open-access content.
